Good morning IS201. It's Sophia from class 731 back again speaking to you on another Words of Wisdom Wednesday.

Today I would like to share a few words said by our favorite professor, Albus Dumbledore. "Happiness can be found even in the darkest of times, if one only remembers to turn on the light." I wanted to share this quote with all of you because no matter what struggles you may be dealing with, it won't be a struggle forever. As the quote states, even in your darkest times there will always be some sort of light.

From my words to you, I want to say that things won't stay horrible forever. That there will always be a light in your darkest times, you just need to make the decision to turn it on.

Thanks for listening have a Wizardly Lit Wednesday 😊
