Good morning! It's Irene Qiu from 731 and I'm here this Thoughtful Thursday on behalf of the S.E.A.L Team.

Guess what today is? It's 'Ask a Foolish Question Day'! Yup, you heard it right! It's a whole day where you can ask ANY question you've got, even if you think it might sound silly. We all have questions, and sometimes the ones we're afraid to ask are the ones we learn the most from.

Let's learn today. In class, at lunch, or hanging out after school. Get curious and start asking. There is no such thing as a foolish question, and who knows? You might learn something you didn't know before!

Remember what Albert Einstein said? "The important thing is not to stop questioning." So, even the genius himself knew the power of a good question!

Thanks for listening have a thrive for knowledge Thursday 😊
